

## CHAMBER OF COMMERCE BANQUET DRAWS 200

### More Wheat and Hog Money Here

#### FARMERS GET CHECKS UNDER ALLOTMENTS

Practically Clean Up the Payments Due to County

\$70,000 RECEIVED

Few More Checks Will Come to Clear Up Payments

More wheat and hog checks are being distributed at the court house this week at the office of County Agent W. H. Upchurch. Two batches of hog checks were received, amounting to \$8,715.25. This is the second payment due the hog raisers of the county. The third and last payment will be made by the government some time during the summer. A half dozen checks are still lacking on the hog payments, but these will probably be received in a few days.

Another bunch of wheat checks were received amounting to \$1,586.97. A few are missing which will probably be received during the coming week or ten days. These checks affect about 40 wheat contracts.

With the payments this week, a total of \$70,494.75 has been distributed to the farmers of Randall county during the past two weeks on the wheat and hog allotments.

No more allotment checks are to be expected before summer, when the 1935 allotments will be due.

#### Added Interest To Saturday's Feature Will Be Attractive

Next Saturday will see a greatly added interest in the weekly feature of the Canyon Chamber of Commerce which is being sponsored by more than sixty business firms of the city. In spite of the high wind Saturday, the crowd was the largest to gather in Canyon for the Saturday afternoon feature. The interest will be much greater next Saturday owing to the fact that \$70 is in the Chamber of Commerce fund, since \$30 was unclaimed Saturday.

Those profiting last Saturday were Mrs. W. C. Black, S. K. Goolsby, George Cox, Mrs. Frances Gott, Harvey Moore, Mrs. H. O. Price, and Andy Walsh.

R. O. Johns, A. E. Brown and Ben Loudder assisted J. H. Cox Jr., in the distribution of the cash.

This event will continue through each Saturday in January, and may continue longer if there is a desire for it on the part of the customers of Canyon business firms.

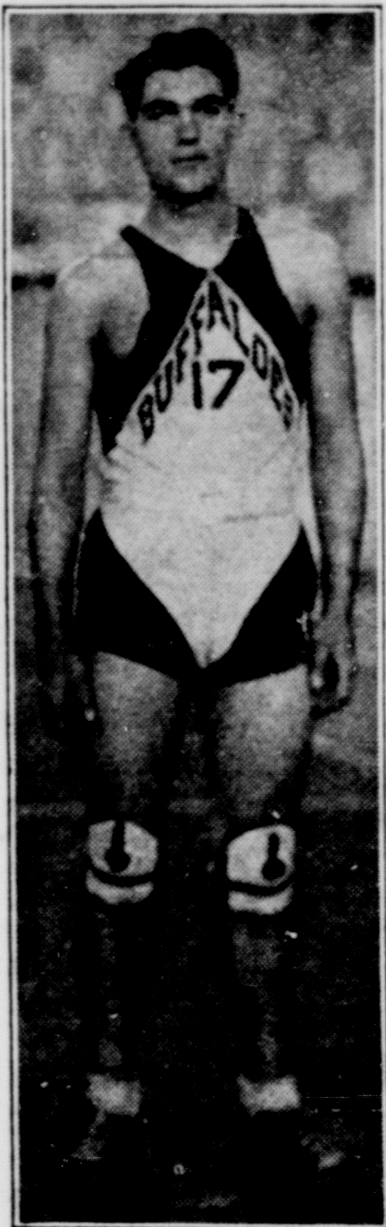

#### Correspondence and Extension Work Is Increasing at W. T.

People continue to study by mail, if the growth of the correspondence enrollment of W. T. is an indication. During the year which ended on August 31, 1934, the enrollment had increased 44.8 per cent over the twelve months before with 384 students taking courses from almost every department of the college. The first months of the 1934-35 year show an increase over the same period last year.

Besides correspondence students, 275 persons are being taught in extension centers from 20 to 100 miles from the campus. Both extension class work and correspondence work are carried on without aid of State appropriation. They are financed by the students who want to study while employed.

Dr. H. A. Brown and Oscar Gano left Saturday on a few days trip to Corpus Christi.

#### Heads Buffaloes

EDD McMINN

At a meeting of the lettermen of the West Texas State Teachers College varsity basketball team last Thursday night, Edd McMinn, junior, from Kirkland, was elected as the captain of the 1935 Buffaloes.

McMinn came to West Texas in 1932-33 from Kirkland, and proved to be the spark plug of the freshman basketball team, being characterized by the late Coach Burton as the best freshman prospect since Colvin.

Last year McMinn won a regular berth when he was just a sophomore. Throughout the season he played a consistent game and was one of the dependable scorers.

#### Relief Men Given Work on Projects On W. T. Campus

After a lay-off of one week, all men on the relief rolls were given jobs on the building projects on the campus of W. T. These projects were checked in Austin before Christmas, but the final approval was not received at the local relief office until this week. 170 men have been working this week on these projects.

The work underway consists of the completion of the work at the Burton Gymnasium, getting rock for the Buffalo Courts and athletic fence, and improving the grounds around Buffalo Courts. Rapid progress has been made on all of this work during the few days the men have been employed.

Laying the walls of the recreation center of Buffalo Courts will be underway by the end of this week. The foundation for this 50x50 two-story building was completed last week.

Five rooms of the living quarters were completed last week, and the foundation is run for a part of another section.

No indication has been received here as to the probable time that approval will be received on the highway widening project on No. 9 through Canyon. The local force of the highway department has been urging that this work be started in order to give employment to more men, but have received no encouragement as to when the Austin office of the relief commission will release approval on this work.

Mr. and Mrs. Alvin Morgan of Wichita Falls visited last week in the J. J. Walker and Felix Neff homes. Mrs. Morgan will be remembered as Mrs. Walker's niece. Miss Jo Ann Estes.

### District Court To See Busy Week

#### Three Boys Given Suspended Sentences in Trial

Little business has been transacted this week in district court. One criminal case was tried Monday resulting in suspended sentences for Bill Stice, Leonard McFarlin and Raymond Stallings, all charged under grand jury indictments with burglary. They were found guilty by a jury and given two years, but the jury recommended that the suspended sentence be given.

Ben New was re-indicted yesterday on a charge of swindling. He was under another indictment, but the new charge was made yesterday on recommendation of District Attorney Grady Hazelwood. New is in jail and will be tried next week.

The petit jury will meet again today, after being dismissed Monday.

The bond of Victor Underwood for \$1,000 was declared forfeited by Judge E. C. Nelson when Underwood failed to appear for trial on the liquor charge. L. I. Robeson and C. C. Wood were bondsmen.

In the case Robert A. Means vs. Myrtle Means, a divorce was granted to the plaintiff.

In the case Leone Coleman vs. O. L. Coleman, the plaintiff failed to appear, and a divorce was granted to the defendant who made his appearance.

It is likely that the court will be very busy the remainder of the term as several cases have been set for trial. The term ends next week, but may be extended by Judge Nelson if all of the business has not been completed.

When Sheriff Bob Barnett and Assistant District Attorney Bob Underwood return from Missouri with Virgil Johnson, it is expected that several days will be consumed in this trial on charge of being one of the men who robbed the First National Bank in January, 1931.

#### Sheriff Goes to Missouri After Virgil Johnson

Sheriff Bob Barnett, accompanied by Assistant District Attorney Bob Underwood, left Tuesday for Joplin, Mo., to return Virgil Johnson for trial under an indictment as being connected with the robbery of the First National Bank in January, 1931.

A requisition was received from Governor Ferguson Monday, asking the Governor of Missouri to release Johnson to the local officers. Barnett and Underwood took the requisition direct to the Governor of Missouri.

It is planned to try Johnson on the charge during this term of District Court.

#### Condon Spoke at Meeting Tuesday Held in Pampa

Prof. S. H. Condon spoke Tuesday night at a gathering of church leaders in Pampa, where 400 men assembled. The officials of all churches sponsored the gathering, having as their guests all public officials, from the district, county, precinct, city and schools.

Mr. Condon discussed community co-operation and organization. He urged the establishment of an unofficial planning committee in each community. While the federal government is taking steps toward a national planning campaign, Mr. Condon believes that no national planning may be successful until the local units do their planning.

Robert C. Jones, minister of the Church of Christ of Amarillo, will preach here at the Church of Christ, Thursday evening at 7:30.

Miss Geneva Griffin, who is teaching in Borger, visited Miss Frances Usery here Tuesday night.

### Board Control Names W. T. Appropriation

#### Guy Harp Named Postmaster For Four Year Term

President Roosevelt has nominated Guy Harp as postmaster of Canyon for a four-year term. Mr. Harp is acting postmaster, having been named by the postoffice department to succeed Oscar Hunt.

The nomination goes to the Senate and when it is affirmed a new commission will be issued as postmaster.

#### Board Recommends That Money Bills Remain Same

The State Board of Control has recommended to the legislature that it pass the same appropriation bills as was granted by the last session. It is noted in the report that the cost of living has advanced, which would justify the restoring of many of the cuts made by the last session of the legislature.

The printed reports were not available this week, but will be in the hands of the legislators by the end of this week.

The recommendation for W. T. is the same as the appropriation granted last session, with the exception of the summer school which was entirely eliminated from the bill. An additional recommendation of \$1,000 for repairs was made for the first year. The total for the first year is \$136,717, while for the second year it is \$135,717.

No buildings were recommended for any of the educational institutions. The total for all the colleges was reduced 1% from the allowance of last session by the Board, and approved under the budget law by the Governor.

Dr. J. A. Hill was in Austin meeting with the presidents of the state educational institutions over the week end, when the requests for summer schools were filed with the legislature. With only the Senate organized and ready for business, it was hard to determine the attitude of the present legislature upon educational matters.

#### Bird Articles Are Placed In Museum Display

Bird students who visit the Panhandle-Plains Historical Society Museum will find at their disposal a series of articles by Kenneth Carlander of Amarillo and Minneapolis.

Carlander has made the first systematic study of Panhandle birds and the results of his work were published by the Amarillo Daily News. Mounted specimens of a large number of birds of Northwest Texas are on display in the museum.

Mr. and Mrs. F. E. Smith and Mr. and Mrs. Mack Elliott of Tulsa visited in the Norval Dickerson home Sunday.

### DIRECTORS OF GROUP NAMED FOR NEW YEAR

Work Reviewed As Accomplished in the Past

#### LARGE GATHERING

#### Successful Year's Work Is Closed By The Organization

Two hundred citizens of Canyon gathered Tuesday night in the annual banquet of the Chamber of Commerce at the College Cafeteria. The occasion was for the purpose of reviewing the accomplishments of the organization, and to look at the future with a view of doing work of greater development in this city.

J. H. Cox, Jr., presided at the banquet, introducing the speakers. Rev. Chas. L. Dickey pronounced the invocation. The high school orchestra under the direction of Mrs. J. D. Barker played during the banquet. The banquet was served by the athletes of W. T., under the direction of Coach Al Baggett, who is manager of the Cafeteria.

The outgoing officers of the Chamber of Commerce, and the incoming directors were introduced by C. W. Batchelder, vice president.

Directors who will serve during the coming year are: J. H. Cox, Jr., Levi Cole, Hud Prichard, Irby Carruth, Lee Johnson, Ed Mickle and W. L. Smith.

At the close of the banquet the guests assembled in the auditorium of the Education building where a two-act play "The Birthright" was staged under the direction of the organization.

### Canyon City Club Elects Directors Monday Night

At the annual meeting of the stockholders of the Canyon City Club held Monday night, the following new directors were elected for the year: E. Burroughs, Ross Craig, Carl Scott, J. L. Dullot, W. E. Lockhart, O. W. Gano, and Ed Mickle.

Levi W. Cole read his report on the receipts and expenditures of the club during the past year. The club has a \$1,000.00 balance in the Building Fund and the new directors will probably work out plans for the erection of a new club house this year.

The dues were raised from \$18.00 to \$24.00 a year. It was necessary to do this in order that the grounds might be kept in proper condition throughout the year.

The directors will meet at an early date and appoint the officers for this year.

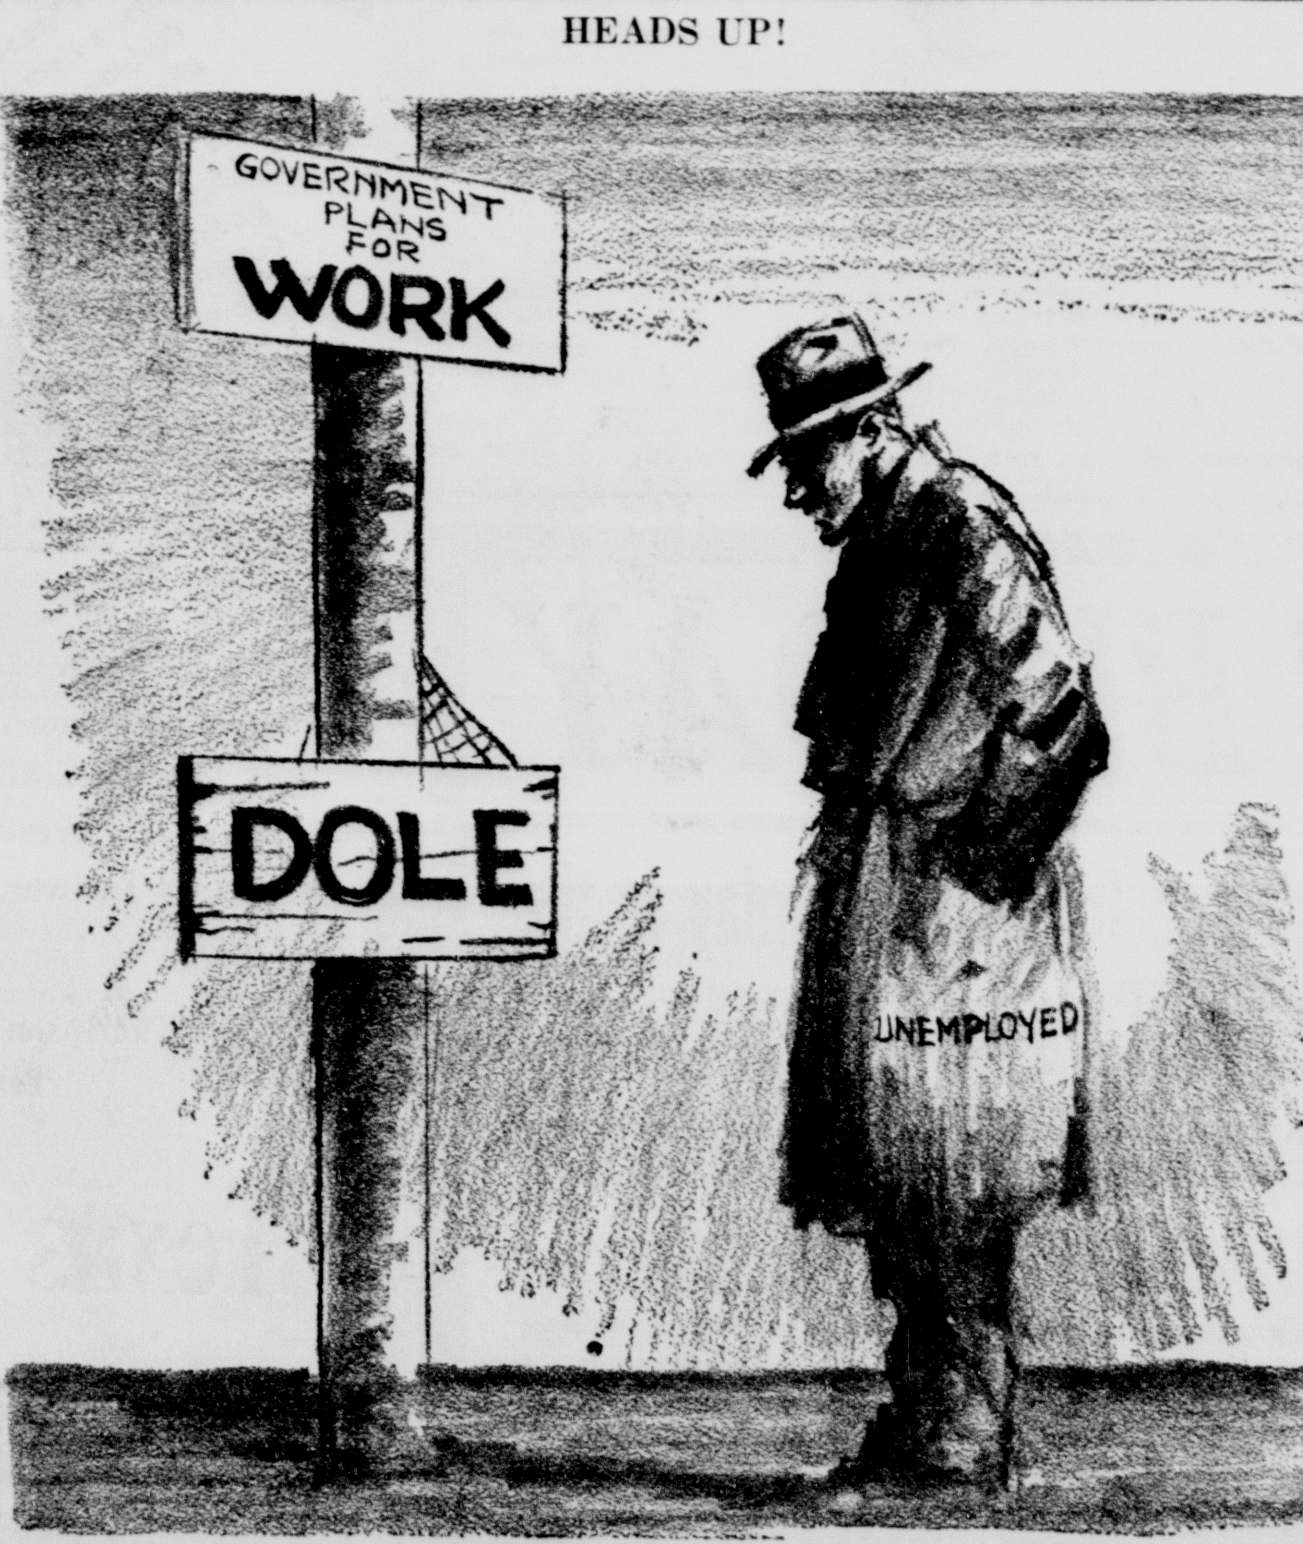

### Buff Cagers Are Defeated in the Season's Opener

For the first time in the history of athletic relations between the two colleges, the Panhandle Aggies from Goodwell trounced the Buffaloes Monday night. The two teams opened the basketball season, the Buffs taking the small end of the 33-27 score.

The Buffs took charge of the game in the first half and assembled a score of 9 points before the Aggies scored. From then on, Lady Luck deserted the Buffs, as they were unable to hit the basket when within striking distance. At the end of the half the Buffs led with a one-point margin 10-9.

Early in the second period the Aggies tied the score twice, and then forged ahead, keeping a safe advantage with the exception of one scoring spree when the Buffs started to click as they have in other years.

Walker, reliable center of last year, was out of the game most of the time Monday night owing to recent illness.

Entered at the postoffice at Canyon, Texas, as second class matter. Published weekly at office, 1513 Fourth Avenue, Canyon, Texas.

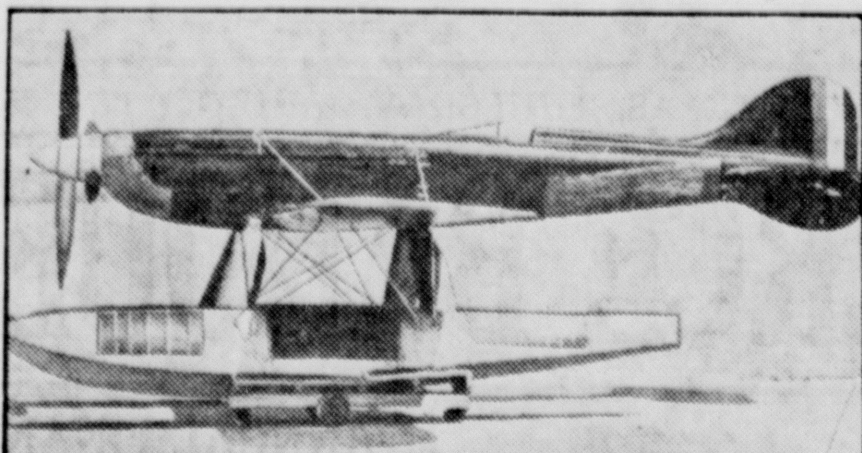

Tom Waggoner of the Claude News has a lot more to say about the Canyon News in his fight against the sales tax. The trouble with Tom is that he is afflicted with sore heels by continually jumping at conclusions. He indicates that the praise expressed by this paper of the result of the sales tax in other states was due to the fact that we secured our information from the tax eaters—all of which is absolutely false. We asked the merchants, farmers, the traveling public how the sales tax was working in every state we visited this summer. With few exceptions did we find anything but praise for the benefits derived, and the fact that its working was not a hardship, such as is being pictured by its opponents. In the second place, Tom had a lot to say because the Newsman made a trip to the sulphur field a few years ago and wrote up the trip as an educational subject. It was the most interesting experience we had had in years, but the fact that we wrote the thing up for the benefit of our readers makes Tom believe that we hold a great interest in the sulphur business. Bless your old soul, Tom, sorry to say we have never owned a share of stock in sulphur or any other commercial company. However, the boys who owned sulphur stock lost their shirts in 1929 just like the rest of those on the stock market, so we are ahead to that extent. But the surprising thing of Tom's story is that in fact of his declaration that he read our story with care and interest, he calls it a sulphur mine. The News attempted in that article to correct the popular impression that sulphur was mined—the impression we had before visiting those huge plants. Re-read the article, Tom, and see how grossly you have misrepresented us in this matter. Furthermore, if you will stay by the records, you will find that as a member of the House of Representatives we voted

for a tax double the present one, believing that it was a just and fair tax. Of course if Tom had his way about it and imposed \$5 to \$10 per ton, there would be no sulphur produced in Texas as it could not stand such a tax. Regardless of opinions expressed by country newspaper publishers, it is quite certain that more than half the people of these United States are not so easily deceived that they would stand for a sales tax if it was such a monster as being pictured by its opponents. While The News has never been so hot for any form of new taxation, we are enough interested in Texas and the welfare of Texas to favor any form of equitable taxes which will get Texas out of the red, and keep the state government running smoothly. If there is something better than the sales tax, let's have it.

For several years after coming to Texas the Newsman frequently expressed very great opposition to the payment of the poll tax in its connection with the right to vote. It was the case of popping off at the head without realizing what it was all about. If the poll tax is abolished, the school fund of the state will lose about a million dollars annually which must be made up in some other manner or the schools will suffer. As a matter of fact, the poll tax is about as good a system of registration for voters as may be devised. States which do not require the payment of the poll tax in order to vote have other forms of registration, which costs a great deal of money to handle, while in Texas the school fund derives a benefit from this payment. Texas now stands 37th state in the union so far as money is being spent on the public schools. New York leads the states, investing \$152.85 per pupil for public education, while Texas invests only \$63.70 per pupil. Arkansas trails the states with only \$31.70 per capita being invested in the education of the children. The average for the union is \$87.67. Of course the critics will argue that the top states are wasting a lot of money, which may be true, but it is likewise true that the states in the lower bracket are wasting childhood and manhood by not giving them a chance at the greatest possible self development. Those economists who monkey with the school funds of Texas are false economists.

Much more was made of the election of Coke Stevenson as Speaker of the House as a slap at Governor Allred than is deserving. Those acquainted with legislative procedure know that while the Speakership is a very powerful office, yet the holder cannot stack

## Italian Is World's Speed King

Lieut. Francesco Agello, world's speediest aviator, whose death-defying aerial feats have earned him the nickname, "crazy boy" of Italian aviation, is shown here, with, above, the seaplane in which he recently streaked through space over Italy's Lake Garda to set a new world speed mark of 437 miles an hour—13 miles an hour faster than the previous world mark he established. In setting his seven-mile-a-minute records, the little 34-year-old flyer defied the fate that claimed the lives of two former comrades, who, with Agello, made up the Italian Schneider Cup team of 1931.

committees either for or against legislation since he has little control over his followers once the speakership election has passed, and it is a question of each fellow for himself. Coke Stevenson does not wear the brass collar for any man. While Jim Ferguson sponsored his election two years ago, and was in a large measure responsible for his election, yet Jim was unable to handle Coke once he was Speaker. It is the habit of the legislature to be opposed to the Governor, and refuse to be led by the Governor. This defeat for Allred is a mere scrimmage as to what he will be up against when it comes to his major matters of legislation.

Huey Long with his share wealth idea, and Dr. Townsend with his \$200 per month pension plan are worrying the safe and sane leaders to no little degree. If all the radicals of the nation, and all those who believe that it is possible to secure a free easy living at the expense of the government could get together in one political party, the result might be dangerous. However, the courts will probably take care of much of Long's legislation dished out by the Louisiana legislature, thus exposing him to the nation.

Amelia Earhart Putnam has shown the mail air pilots many things about the ability of a woman to conquer the air. Aviation will profit greatly if she will de-

vote the rest of her life to scientific development of flying rather than the stunt feature which has been her part in the past. Lindbergh is the pattern she should be willing to follow in the future in order to be of the greatest use to this nation.

The people of Texas rejected nine constitutional amendments in November. In spite of this fact, a dozen proposed amendments have been introduced in the legislature during the first week of the session. The wise thing to do is submit the question of a constitutional convention and re-write the antiquated constitution of the state.

President Roosevelt has let it be known that he will favor an old age pension of about \$40 per month for those who actually need it. That is far from the utopian idea of \$200 per month which has been handed to the people of this nation, but more in keeping with the amount that the government could raise.

Makers of automobiles are striving to make a better car; to make the cars safer. Yet, little effort is being made to improve the quality of the drivers. The drivers license will do a great deal to improving the quality of the drivers.

## Former Student Re-enrolls After 22 Years Absence

Miss Emma Condron of Throckmorton entered W. T. for the first time on September 10, 1913. On January 8, 1935, she enrolled for a correspondence course.

1216 was Miss Condron's student number; 16,734 numbers have been issued to students since she received hers, the latest number, according to the Registrar's office, being 6950A which was issued to John S. Rippey of Dimmitt on December 3, 1934.

Although Miss Condron is teaching at Rule, Throckmorton is still her home address. Ewell Condron, a member of the same family and student number 709 of W. T., is county superintendent of Throckmorton County.

## New Beauty and Comfort Zone Riding

THE new Ford V-8 for 1935 is here! It is not only new in appearance—with new streamlined body and luxury fitted interior. It introduces a new motor—interior—Comfort Zone Riding.

The body of this new car is mounted on a new Full-floating Springbase. All passengers are cradled in the Comfort Zone between the springs. As a result even back seat passengers now enjoy "front seat riding comfort!"

Notice the many other new features of this Ford V-8 for 1935. More body room, with seats up to 5 1/4 inches

wider. Safety glass all around at no extra cost. A luggage compartment in back of the rear seat. Bigger tires. New easy-acting brakes, and a clutch that will delight every woman who drives.

Remember—when you buy a Ford you get the basic advantages of a powerful V-8 engine, an all-steel safety body and the most economical car to operate Ford has ever built.

See this new Ford V-8 today.

## Money In Your Bank Means Security

Many thousands of dollars are lost annually by people who carry too much money, or hide it around their homes.

Fire and theft is responsible for much of this loss. The United States government does not protect your money carried in your pocket, or kept in hiding, but it does protect it through insurance when it is deposited in this bank.

Furthermore you have a complete record of your money, when you deposit it, and when you withdraw it by check.

Protect your funds by keeping your money in the First National Bank in Canyon.

## BEDROOM DEMONSTRATORS ENTER CONTEST FOR 1935

The four bedroom demonstrators who are entering the County and State Contest for bedroom improvement have had their bedrooms scored for the first time by Mrs. L. F. Sheffy.

The points considered in the contest are: Sanitation, Lighting, Interior finish, Furnishings, Storage for clothing, General appearance and Suitability to needs of particular girl.

In the near future each demonstrator will plan the improvement of her room with the home demonstration agent. After the improvements have been made the rooms will again be scored by Mrs. Sheffy.

The girl receiving the best score will compete in the district and State contest. Randall County has had an entry in the District and State contest the two years the 4-H club work has been conducted in the county.

The first year Miss Marie Stallings, bedroom demonstrator of Lakeside 4-H Club, won first place in Randall County and first in District I. The second year Miss Dorothy Bauer of the Johnson 4-H Club won first place in the County and second place in District I. The girls entering the contest this year are:

Adella Friemel, Umbarger 4-H Club; Evelyn Bauer, Johnson 4-H Club; Abbie Leavitt, Jewell 4-H Club; Leona Sharpes, Fairview 4-H Club.

## MRS. EMMA GRUNER HAS ZITA H. D. CLUB

The Zita Home Demonstration Club met Tuesday, January 8th, at the home of Mrs. Emma Gruner. The president being absent, the vice president presided over the meeting.

The business hour was devoted to outlining the work of the various committees and officers for the new year. A meat canning demonstration under the supervision of Miss Bass and Mr. Upchurch was planned for Friday, January 11, at the home of Mrs. D. C. McCormick.

The next meeting of the club will be with Mrs. John Moody, an all day meeting, January 22. Checking and making foundation patterns will be the feature of this meeting.

Refreshments were served to the following club members: Mrs. M. H. Rockwell, Mrs. J. P. Upchurch, Mrs. Bill Wright, Mrs. D. C. McCormick, Mrs. Marie Dorman, Mrs. Art Schneider, Mrs. John Moody, Mrs. Eula Watson, Mrs. E. M. Elliott, Mrs. Gruner and guests, Mrs. Hodges and Mrs. Matthews of Amarillo.

## MRS. W. L. SMITH HAS, S. S. CLASS AT HOME SUNDAY

Sunday afternoon members of the Triangle Sunday School class of the Presbyterian Church gathered at the home of their teacher, Mrs. W. L. Smith, for an afternoon of fun and entertainment.

The party came as a climax to a contest the class had conducted and the six girls winning were awarded prizes of books. The winners were Estelle Vanarsdale, Shirley Tate, Mary Kathryn Sharp, Mary Charlotte Word, Elizabeth McCaslin and Hazel Sanders.

The girls made candy and ice cream in the early part of the afternoon, and later went kodaking and called upon Anna Dell Flager, one of their members, who was ill and unable to attend the party.

Those present were: Betty Jo Black, Lenna Lee Lockhart, Dorothy Mills, Elizabeth McCaslin, Ida Martha Pierle, Hazel Sanders, Mary Kathryn Sharp, Shirley Tate, Estelle Vanarsdale, Mary Charlotte Word and Helen Whittenburg.

## MRS. MARK L. FOSTER HAS 1925 CLUB WEDNESDAY

Mrs. Mark L. Foster carried out the valentine motif when she entertained the 1925 Bridge Club at her home yesterday afternoon.

## Wind Sweeps Gale of Dust Wednesday Over the Southwest

One of the worst dust storms in a year struck Canyon yesterday, bringing a cloud of dust from the southwest. So intense was the dust at 11:30 o'clock yesterday morning that lights were necessary in all business houses. Car driving

was almost impossible.

The duster came at the end of another week of exceptionally warm weather for January. While rain was in evidence several times this past week, with warm, cloudy days, no moisture was received.

Porter Pierce left Thursday for Tyler where he has accepted a position with an oil company. He was associated with the P. & G. Grocery until a few weeks ago when Golden Green bought his interest.

A Good Place to Trade

## Here's a Tractor That Walks

This farmer finds his "tractor" useful on muddy or slushy roads. Wheel-driven tractors get stuck in the mud, but, with two legs, one of which pushes while the other gets into place to make the next push, this makeshift contraption, powered by a gas engine, manages to "walk" along very satisfactorily.

## Double Header In Basketball Saturday at Gymnasium

Two basketball games are offered for Saturday night at the Burton Gymnasium, 10 cents for children, 25 cents for adults.

The Freshmen will meet the Amarillo Badgers at 8:00 o'clock, and the high school team will meet the Amarillo Yammigans at 9:15 o'clock.

## DR. HILL GOES TO AUSTIN SATURDAY

Dr. J. A. Hill left Canyon Saturday night to go to Austin where he will confer with other Teachers College Presidents upon mutual problems which will be considered by the legislature.

## TWO HAVE OPERATIONS

Mrs. Bud Hefner underwent an operation at Saint Anthony's Sanitarium last Friday morning.

Mrs. Dewey M. Foster had a major operation Wednesday at the Northwest Texas Hospital.

Both are reported to be improving in a satisfactory manner.

## REV. HAYMES TO PREACH

Rev. J. O. Haymes, presiding elder of the Amarillo district, will preach next Sunday night at the local Methodist church.

During the illness of the pastor last Sunday, Dr. Harris M. Cook talked at the morning service, and Rev. Frank M. Neal of Amarillo preached at the night service.

## Palo Duro Peeps

Mr. and Mrs. H. K. Frerking and children, Mrs. Mary Leopold and Miss Ella Dohrman were supper guests in the Henry Meyer home Sunday evening.

Misses Jaunita Smith and Dortha Mae Campbell spent Saturday night in the B. S. Campbell home.

Mrs. Pauline Wendelken and sons visited in the Clem Dugan home Sunday.

Mr. and Mrs. Henry Meyer and son, Erwin and Mr. and Mrs. Albert Meyer were visitors in the Henry Miller home Sunday night.

Mr. and Mrs. R. H. Campbell spent Sunday in the O. D. Bragg home.

Herman Kuhlman and family visited in the Herman Both home Sunday evening.

Inez and Clifford Abbott and Patsy Morris were absent from school Tuesday because of illness.

## PRESBYTERIAN CHURCH

Church school at 9:45. Morning worship at 11. Evening worship at 7:30.

Beginning Friday morning, 9:30 to 10:30, a Bible class will be taught. Mrs. Harvey Cash is teacher. All young women are invited to join.

## EPISCOPAL CHURCH

There will be no service at this church next Sunday night, Jan. 20th, as Rev. Warwick Aiken, and other church leaders, will be in Amarillo, in attendance upon the annual Convocation of the District of North Texas.

This will be an occasion of great interest because of the fact that it is the twenty-fifth anniversary of the organization of this Missionary District, and the tenth anniversary of the consecration of the Right Reverend Eugene Cecil Seman, D. D., as Bishop of the District.

Meetings will be held in the Edward A. Temple Memorial Parish House, and in St. Andrew's Church with Rev. F. A. Foster as host.

Full programs will appear in the Amarillo papers, and all Canyon friends of the church, who can do so, are invited to attend any or all of the sessions of this Silver Convocation.

R. W. Ratcliff of Pampa spent the week end in Canyon. He returned to his work in Pampa Tuesday.

Miss Lola Penson of Los Angeles, California, arrived Wednesday for a visit in the home of Mr. and Mrs. Warren Johnson.

Mrs. T. S. Maxwell and Mrs. Cecil Newberry returned Monday morning from Rochester where Mrs. Maxwell has been taking medical treatments.

## BRITAIN CURBS GAMBLING

England grows highly moral. Betting in any form has usually been a venial offense in that country. The British have been great patrons of horse races and lottery schemes. Now Parliament forbids the printing, sale or distribution of lottery tickets. It even forbids newspapers to print lottery announcements or lists of prize winners. Only small, innocent lotteries, such as those of churches, clubs and bazaars are permitted. The reason given is that the government wants to keep at home the millions that have been going to Dublin for Irish sweepstakes racing tickets.

There is probably something to that. Ireland has certainly been profiting by this British weakness. But there must be a moral reason too. Responsible Britons, like responsible Americans, want to curb the gambling mania that has swept through all classes during the depression.—Quanah Tribune-Chief.

Looks like civilization has largely degenerated into a matter of keeping down the death rate with science and increasing it with the motor.

Years ago at the fair there was one horseless carriage and you had to pay to look at it. Now, everybody motors and you have to pay to park.

Human beings may not be descended from monkeys, but a lot of us either make monkeys of ourselves or allow some one else to do the job for us.

The chief trouble with home nowadays is that too many people think of it as nothing more than a combination garage and bedroom.

Wal kids, how'd ya like them examinashuns? Weren't them tuff? I've heard sevral kids say that they wuz rely hard. Whut I wush fer all ye kids is thet ya passed out O. K.

Them senior english kids shore is gripin' 'bout some o' feller named Chawcer whut they'r hev'in' ta study sa much about. I found a little discriphun uv his wurks in th' library, writ by Artemus Ward.

This is whut it sed in th' Golden Book (an' let me say rite here thet th' guy whut published thet book is color-blind, cuz thet book is green as a gowrd)—anyway, Artemus writ, "Mr. Chawcer had talent but he couldn't spel. No man has a right to be a lit-rary man unless he knows how ta spel. It is a pity that Chawcer, who had geneysus, was so uneducated. He's th' wus speller I know of."

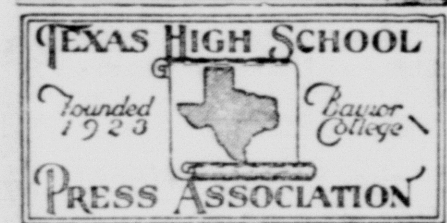

Just whut do you think uv the girls and boys basketball teams? I think they'r mighty find, an' jist becuz Happy beet 'em ain't no sine they c'n do it agin'.

I never heerd so much screamin an yellin down in th' gem at noon as ther is when them gals start playin' baseball. Any day I woul'dn't be suprised if sum budy didn't git knocked out.

Did any uv ya get a gant at th' new pupils whut hez started ta schule? I've seen sevral myself an' I bet if I hang around long enough I see sum more. I shore want all you kids ta treat 'em nice an' make 'em feel at home.

I now wanta wish Miss Gudrich good luck.

## Canyon High Co-Eds Specialize in Slams

"The trouble with you my dear is that you are not what you are cracked up to be," announced one fair Canyon co-ed to another, but strictly in the spirit of good sportsmanship for the feminine fans have gone in for trading "slam lasts."

"Slam lasts," if it is possible you have not heard, are critical comment on your character, your personal appearance or attitude and are strictly to be taken in the right spirit.

After the preliminary, "now I'm not saying this, I only heard," I heard that she said that they said but they couldn't imagin where they got it—"you wear the un-glad-die color combinations" and "you do think that 'yours truly' is swell" and "I've heard you are terrifically conceited," and "you think you can go with any boy in high school," and "you'd look a lot better without eye-paint."

Remarks such as "But the trouble is I don't know what I am cracked up to be," or "now really do you think I'm conceited," have been overheard.

"Altogether, though, the girls agree it's a "swell idea if you can take it."

## Extracts From The Exchange

From the Lass-O, in a short little bit of "Campus Philosophy," we find a number of bright and philosophical bits of news. One says: "It takes only a short distance from the truth to tell a lie." And another says: "To be good company for yourself is better than to be bad company for another."

A cheerful word to a tired girl behind a counter, to the milk man who starts his rounds shortly after you go to bed, to the mail carrier staggering under his sack of mail, will put more good cheer in you than vexations can overcome in hours.—Austin Pioneer.

World of Endless stories  
Canyons, seas, and skies  
Prodigies and glories  
Spread before your eyes

Mountains and valleys  
Elephants and whales  
People on earth  
Telling little tales

About this world  
And how it's made  
With bright sunshine  
And plenty of shade

With stars to twinkle  
As clouds slide under  
Flashes of lightning  
And distant thunder

That makes rain fall  
On earth in showers  
For growing grass  
And blooming flowers

That grow in sunshine  
Under the skies  
Prodigies and glory

INCREASE NUMBER OF BOOKS CHECKED OUT

During the last six weeks 650 week books were checked out of the Canyon High School Library showing an increase of 40 over the previous six weeks. There were 610 overnight books checked, also showing an increase.

Miss Mattie Jordan stated that she considered that the reason for the increased interest in reading, is due largely to the new books recently received.

It seems that the leaves of the books, "Smoky," by Will James, and "Magnificent Obsession," by Lloyd C. Hughes, have been turned countless times; they are the books most seldom found on the shelf.

**EAGLES DEFEAT BUCHANAN**  
Monday afternoon the Eagles journeyed to Amarillo where they tangled with the Buchanan High School team.

The game was a very slow one and the second team of the Eagles played two of the four quarters. Solomon led the scoring list with 12 points and the game ended with the score 31 to 5 for the Eagles.

The Buchanan boys made three of their counters on free throws and only two with field goals.

**FOUR NEW STUDENTS ARE ENROLLED FOR LAST HALF**  
Four new pupils were enrolled and three withdrew at the beginning of the second semester.

Pauline Moore from Deaf Smith county was enrolled in the Sophomore class. Hugh Fox from Arney, Mary Ruth Harriman from Jeptan, Arkansas, and Donald Wilkenson from Clovis were enrolled in the Freshman class.

Neva Lois Miller withdrew to continue the school year in Borger, and M. E. Bagwell withdrew to Claude. Gus Brown withdrew to continue in Dallas.

## Thirty-One Make Honor Roll Third Six Weeks; 22 Semester

### Scotch Society To Give Program

Because of the mid-term examinations the Scotch Society of Amarillo did not give their assembly program last Thursday, but will give it today.

The Scotch Society is composed of people of Scotch birth or descent.

The program will consist of Scotch songs, jokes, stories, and music. The public is invited.

### Foster Attends Spanish Meeting

Miss Jewel Foster, head of the Canyon High School Spanish Department, attended the meeting of the Liano Estacado in Plainview last Saturday. Miss Mary E. Hudspeth, Mrs. Tommie Mountfort, and Miss Agnes Charlton of W. T. S. T. C., also attended.

Miss Hudspeth gave a report on her attending the National Meeting in Austin during the Christmas holidays.

A round table discussion was led by Miss Russell of Amarillo. The Subject was, "Spanish in the New Curriculum."

Dr. Qualla, of Texas Tech, stressed the need of more years of Spanish in high schools. This would enable the students to use Spanish more capably in the commercial world. He quoted another speaker by saying, "Spanish is the language of the rest of us." One million Texans use Spanish as the native language.

The next meeting of Liano Estacado will be held in May.

### Mrs. Campbell Speaks To The Parent Teachers

"The Dollar Sign in Family Life" was the subject for discussion in the P. T. A. Study Club Friday afternoon.

Mrs. D. A. Nicholas had charge of the program, which was begun by Mrs. Ray Campbell giving "an excellent report on an article in the Parent's Magazine," according to Superintendent I. B. Carruth. A general discussion was held which used as its basis eight subjects which were handed out to the fifteen members present.

Previous to this meeting the executive committee met and decided to have a District Convention on March 20, 21, 22, respectively, in Canyon.

**GUESS WHO**

She pretends to be French, but oh how absurd.

To look at her complexion, it seems to be blurred.

### Both Boys and Girls Win From Vega and Lose to Happy

Both boys and girls won from the Vega teams, but Saturday night they were defeated by the Happy Cowboys and Cowgirls.

Last Friday night the Eagles and the Eaglettes both emerged victorious over the Vega teams, but Saturday night they were defeated by the Happy Cowboys and Cowgirls.

The first half of the game was very slow as far as scores were concerned and it seemed that neither team could find the basket.

The half ended with the score standing 5 to 1 for the Eagles.

The last half the Eagles were able to make a few more points and managed to keep the opponents' score relatively low. Fulton, towering Eagle center, took the high point honors with 9 of the Eagles' 19 points.

**Eagles Fall to Happy**  
On Saturday night the Eagles were not so fortunate and lost the game with the Happy Cowboys by a score of 24 to 17.

The Happy team showed a fast pass formation and the Eagles were unable to attain the larger end of the score over the Cowboys.

Fortenberry, Happy forward, led the scoring list of the game with 11 points to his credit followed closely by Heller with 10 points.

**Eaglettes Defeat Vega**  
The Eaglettes won over the Vega sextet by a score of 19 to 14. The Canyon girls led the score throughout the entire game. Kirkpatrick, high point forward for the Canyon girls, was responsible for 9 points. Watkins, was high point scorer for Vega with 6 points to her credit.

**Sextet Is Defeated**  
The Canyon girls underwent their first defeat at the hands of the Happy Cowgirls, with a score of 23 to 18. This was doubtless the most interesting cage battle the girls have played this season on the home court. Martha Sutton, Happy's fighting jump center, was high scorer with 13 points to her credit. Kirkpatrick, temporary captain of the Eaglette squad, ran Sutton a close second by scoring 11 points.

**Orchestra and Glee Club Receive Books**  
A new folio of orchestra music along with songs for the Glee Club were received by Mrs. J. D. Barker, public school music teacher.

The Glee Club is practicing on these new songs and will sing in assembly in the near future.

The orchestra played for the Chamber of Commerce banquet, Tuesday. A number of their selections were taken from this book.

Miss Mattie Jordan spent the week end in Tulsa.

O. M. Solomon and Lawrence Fulton were in Amarillo Friday evening.

Sewel Cox visited Miss Goodrich last week end.

Daisy Lee Dodson visited Margaret Nichols over the week end.

## CANYON CAGERS WIN OVER VEGA; LOSE TO HAPPY

## Studes Fail to Leave, Ist Offense, However

"You're dismissed for this afternoon," Miss Angel stood and waited for the students to leave the study hall. Not one student left.

No they weren't glued to the floor or anxious to study more English. Here's the real trouble: Miss Angel had locked the doors to the study hall and couldn't get them unlocked.

Finally, in all the confusion someone yelled, "Unlock the back door." Everybody made a mad scramble for the door, and reached there at the same time.

From the end of the study hall came the click of a key in the lock, and Mr. Carruth stood forbiddingly in the door, but not for long, because the crowd stormed out.

**Sporty Shorts**

The Eagles girls and boys teams won one and lost one game each last week end. The girls won from Vega 19 to 15, and lost to Happy 23 to 18. The boys won from Vega by a decisive score of 19 to 5, while the following night they bowed before the Happy Cowboys.

The boys and girls have practically the same schedule this year as last, and Friday night they will journey to Hereford to have a tussle with the Whitefaces. Groom will invade the local gymnasium for a cage tilt with both girls and boys, Saturday night.

There is no reason in the world why there shouldn't be more interest in basketball as in any other sport, and speaking for the school, and faculty, we want all of you ardent fans to come out and see our games at home. Saturday night, Jan. 19, at 7:30.

Did you know our cage teams need our support? At the first two home games only one-fourth of the gym was filled with people. Nevertheless, our Eagles fighting against odds in our support, beat Vega. There were more Happy people out than were Canyon fans last Saturday night; the Eagles lost both games. What is the solution to this problem? Students, it is up to us to solve. We must go out and advertise and tell Canyon what cage teams are being developed at C. H. S. These boys and girls need our help just as much if not more than do the football boys. Cage teams hear more yells than do football squads.

O. M. Solomon says, "It's a whole lot more encouraging to see a large crowd on the sidelines."

Mary Ella Davis expresses her opinion in these words: "Boy, it makes you feel good to hear the band and the yells of those backing the Eaglettes."

All right, let us back them to the last whistle of the season and give them this motive: Canyon High School wants all victories to be her's during this cage season—let's then pledge ourselves to back them to the limit.

**Spencer Wins In Home Ec. Contest**

Upon the completion of the sewing unit of their course of study the first-year Home Economics girls had their dresses judged Wednesday, January 9th.

Anna Mae Spencer was winner over the whole class, with Sarah Thompson, Helen Johnson and Zella Laughery in the first group with her. Miss Gladys Stewart and Miss Elizabeth Cox judged in the contest.

"Every dress was good and I saw no dress that failed to reach a fair standard," said Miss Cox.

At the close of the contest, refreshments of tea and cakes were served to the following visitors: Mesdames Millard Word, S. L. Ingham, Ed Little, Wilson L. Avent, Milton Dooley, G. W. Johnson, and J. H. Thompson.

**ETIQUETTE**

Q. When two people are walking together and one stops to speak to an acquaintance, whom his companion does not know, do not introductions usually follow?

A. Yes, usually, unless there is some good reason why one thinks the introduction would be unwellcome.

Q. What are the requirements for a young person to fit himself to enjoy general society?

A. Intelligence, a good knowledge of literature and events of the day are necessary.

Q. Is it good form to borrow combs at school?

A. No, combs should be private property.

Carl Prichard was in Hereford Friday evening.

IS MADE POSSIBLE BY CONGRESSMAN MARVIN JONES

Congressman Marvin Jones has secured ten annual reports of the Smithsonian Institution for the library of the Panhandle-Plains Historical Society Museum here. The volumes presented cover the work of the Institution in 1919, '20, '21, '22, '23, '24, '25, '30, '31, and '32.

Professor L. F. Sheffy, secretary of the Historical Society states that these books contain extremely valuable material on many subjects, as the papers contained in them are written by the foremost authorities in the fields covered. Astronomy, protection of wild life in America, the autogiro, annual rings of trees in study of climate, habits of animals, and geological problems are among the hundreds of subjects treated.

These books can be used by people doing research work in the Museum.

## THE FINEST WASHER

If we know anything about washing machines (and we've bought and sold plenty of them)—this Model 'A' SPEED QUEEN with its seamless Model Metal Tub is, in our opinion, the finest washer that has ever been placed on the market!

That sounds like a strong statement. But it is true. No matter what feature you compare—the tub, the agitator, the frame, the clutch, the transmission, the wringer, the casters, the finish or the appearance—it outshines anything we have ever seen or heard about in all our washing machine sales experience. You certainly owe it to yourself to see this new SPEED QUEEN whether you are planning to buy a new washer right now or not. Stop in today.

## Chevrolet Announces Two New Lines for 1935

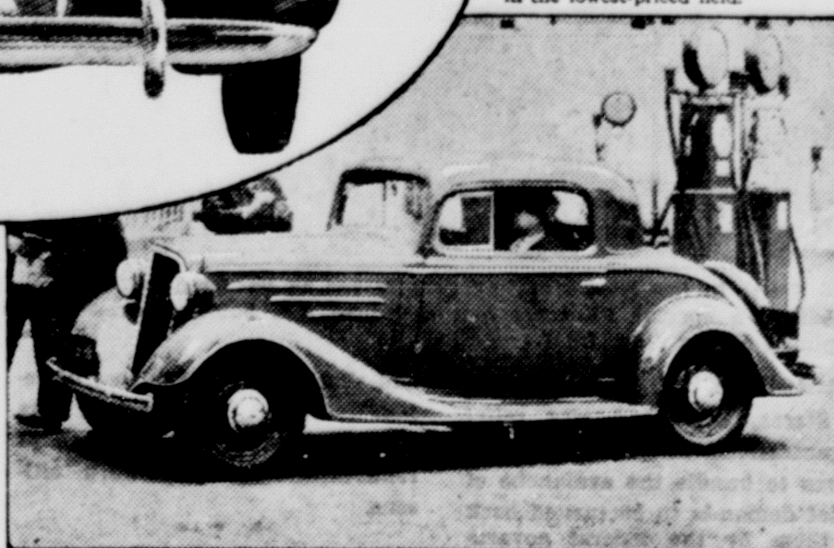

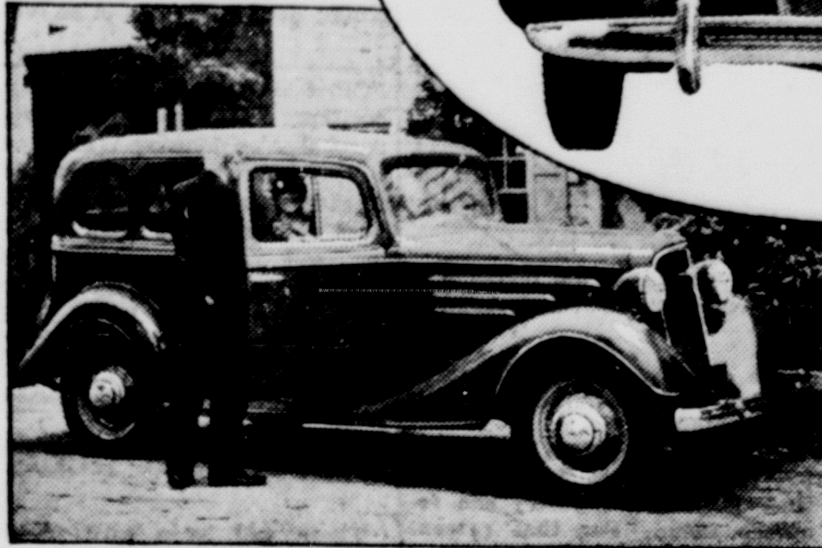

The Coupe model typifies the beauty and style of Chevrolet's new Master De Luxe series for 1935. Improved performance and exceptional economy also characterize these cars.

Fleet, graceful lines also mark the new Master De Luxe Sport Sedan. Ample luggage space is provided by the built-in trunk, and a luggage compartment behind the rear seat cushion.

Right: Front view of new Master De Luxe Coupe, showing roominess and graceful lines. Below: The Sedan model in the new Standard series, which, powered by the time-proven Master engine, combines brilliant performance with its smartness and style.

Typical of Chevrolet's two new lines of cars are the models illustrated here. The Master De Luxe series reveals strong emphasis on beauty and style. Mechanically, the Master De Luxe series and the new Standard series have much in common, including the Master engine, in which numerous refinements have been made to enhance performance, durability and economy. As these pictures reveal, the new Master De Luxe departs distinctly from previous Chevrolets in the striking advance which has been made in body design and trim.

## Chamber Commerce

(Continued from first page)

relection of Mr. Batchelder. Clyde W. Warwick extended a welcome to the visitors in which he presented the accomplishments of the Chamber of Commerce, not only of recent years, but explained the necessity of a Chamber of Commerce organization in the community. The organization has been composed of unselfish men and women who have given of their time and money in order to bring the better things to this community—things which might not have been accomplished without such an organization.

Starting back 26 years ago, Mr. Warwick reviewed briefly the fight to bring the College to Canyon; its development; the fight two years ago to hold it unhampered.

Other accomplishments reviewed were: paved streets, school buildings, church buildings, moving the stock pens, new depot, cemetery improvement, weed cutting campaigns, beautification, trades days, street improvements, highways, street lighting, and many other things. The Palo Duro Park was the last big accomplishment. "Had it not been for the work of the Chamber of Commerce five years ago in opening the road to the Palo Duro and getting the rim drive opened, there might not have been a park today," stated the speaker.

"Not all the good things in Canyon are claimed by the Chamber of Commerce," stated Mr. Warwick, "but this organization has furnished the leadership and inspiration for all of the major movements of improvement." The speaker appealed to those who have not been members in the past to affiliate with the Chamber of Commerce in the future, as the town needs the support of such an organization.

### McCarty Responds

John L. McCartney, editor of the Dalhart Texan, made the response on behalf of the visitors. Mr. McCartney disclaimed the part of a stranger or visitor in Canyon, as this was his home for several years while a student of W. T. He expressed great appreciation of the various faculty members who had been his guide and inspiration, while a student here.

"This fine school, this wonderful town, these wonderful people don't belong to you folks so much as to me. The classic halls of that old sturdy building belong to me. My memory goes back here day after day. I sit by the hour in that dreamy old auditorium and listen

to the patter of feet of students hurrying to classes in the hall or to the slow shuffle of lovers taking the corridor course. I walk again, these broad walks outside. I play again on your athletic fields. I again coach your high school boys. In memory I wait on you at the tables, I haul your trunks, I cook at your cafes, I care for your sick. Your history belongs to me because I helped write part of it and as a resident of your fair little city I live a part of it," stated Mr. McCartney.

"Your marvelous spirit of friendship, fellowship, fair play and genuine help to those who tarry for awhile with you is a part of me because you gave it to me when I was among you. Your fine men and women of outstanding character, your wonderful teachers, your culture and your knowledge is partly mine because I sat at your feet and thirsted for it and you gave it to me."

## Library Committee Organizes Work During the Year

The Randall County Library committee met Tuesday for organization, electing officers, and naming committees which will serve during the coming year. The committee is composed of Mrs. Dan K. Usery, Mrs. Tom Knighton, Mrs. Ray Campbell, Mrs. W. E. Miller, Mrs. Carl Scott, Mrs. Harry Wood, W. A. Warren, representing the county, and Clyde W. Warwick, representing the city.

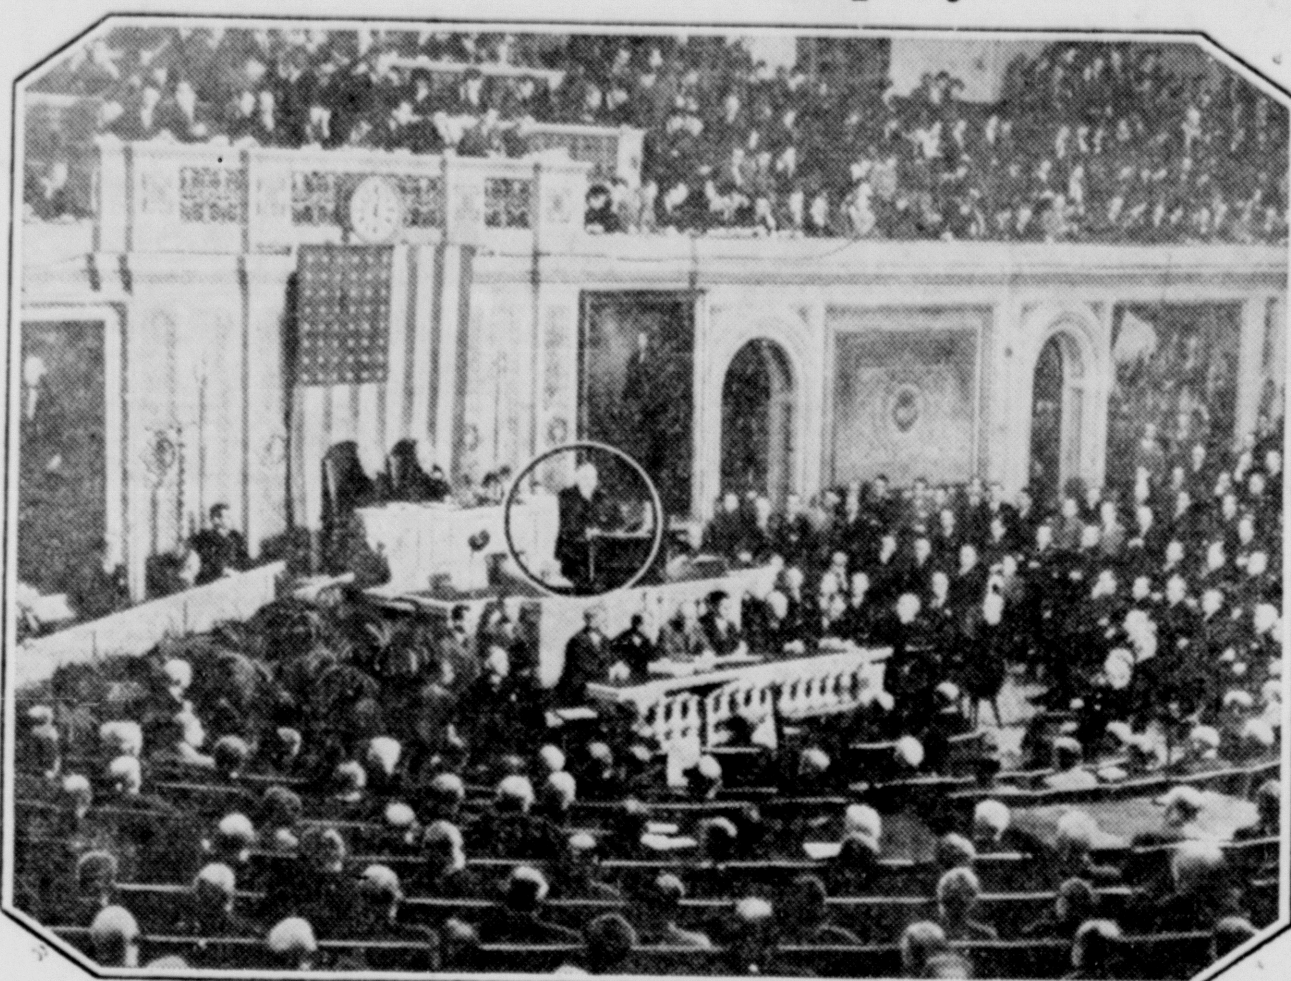

Mrs. Dan K. Usery was named chairman of the committee, and Mrs. Tom Knighton was named secretary-treasurer.

The purchasing committee named is composed of Mr. Warwick, Mrs. Knighton and Mrs. Miller. The rules and regulations committee is composed of Mr. Warren, Mrs. Campbell and Mrs. Scott. Miss Fannie Malone, librarian, will co-operate with both committees in conducting the affairs of the library.

The request has been made that all citizens who would like to have certain books bought for the library to file the list with Miss Malone. While finances are very meager, it is the desire of the committee to buy books which are desired by the largest number of people.

Mr. and Mrs. C. R. Burrow left Saturday for Dallas and Mineral Wells where they are spending this week.

## Nation's Relief Units Gird to Fill Federal Jobs, Handle 'Unemployables'

Scene in the House of Representatives as President Roosevelt (in circle) delivered his message before a special joint session of House and Senate, stressing "social security" as the second phase of the New Deal.

### THROUGHOUT the United

States, state and city relief organizations are stirring themselves to handle the avalanche of relief demands to be turned back to them by the federal government. And, at the same time, local units of federal relief organizations are lining up thousands of able-bodied unemployed, for whom jobs will be provided by the administration.

All the commotion is a result of President Roosevelt's recent message to Congress. In that speech, he stressed security as the new goal of the New Deal. A federal works job was to be provided for every one of 3,500,000 family heads on relief.

The remaining 1,500,000 "unemployables" were to be taken off the federal "dole," the burden of maintaining them to be returned to the states.

"The federal government must

and shall quit this business of relief." With these words, the president introduced his plan of rehabilitating out-of-work citizens.

ALL emergency public works are to be united into one vast agency. Then new projects, furnishing livelihoods for more and more of the jobless, are to be added as fast as they meet approval.

Civic organizations everywhere are considering local projects which they will submit to Washington, for inclusion in the vast program. Those that will be most acceptable must be permanent and improving in character, located where they will do the most good, and able to pay for themselves in time.

Further, they must not compete with private enterprise. Some such projects are slum clearance,

grade crossing elimination, rural housing and electrification, and road building.

Purpose of the plan will be to put the idle to work until such time as private industry can reabsorb them. For that reason, the pay they will get from the government will not be so high that it will keep them from taking private jobs should the opportunity arise; nor will it tempt workers from private industry.

It is the administration's plan to taper off the federal work program as business conditions get back to normal.

AND the vast "security program" may help others. Aid has been promised to the aged, in the form of old age pensions; to those fortunate enough to hold jobs, through unemployment insurance; and there are potential benefits to women and children, and handicapped dependents.

There will be a card party in the hall Wednesday, January 23rd. Playing will start at 7:30, followed by refreshments and dancing. All are welcome.

Last Tuesday evening's dance was well attended and all enjoyed themselves.

The 4-H Club had its regular meeting on Wednesday, Jan. 9th, at the Umbarger school. The president called the house to order. The roll was called and the minutes read and approved. Then the meeting was turned over to Miss Bass, home demonstration agent. She gave demonstrations on beds, sanitation and ventilation of bedrooms.

The goals for 1935 were discussed and plans made to reach these goals. After the meeting was turned back to the president, a motion to adjourn was made, and the next meeting set for Jan. 23rd.

## FIRST EXHIBIT OF 1935 IS IN THE MUSEUM

The first art exhibit of 1935 is now hanging in the Mary E. Hudspeth gallery of the Panhandle-Plains Historical Society here. It is a collection of nineteen etchings and fifteen pencil drawings by Jimmie Swann of Dallas.

The exhibit has unusual local interest because the artist formerly lived in Amarillo.

In the exhibit are three pictures which were shown in the loan collection at the Texas State Fair in 1934.

"The Back Door," is on the Texas Fine Arts Association circuit show for this year.

Mr. Swann is one of Texas' young artists, a member of the Highland Park Society of Fine Arts and a member of the Southern States Art League.

The exhibit can be seen Tuesday, Thursday, or Sunday afternoons through the remainder of January.

## Ralph News
